

7.3. Institutional distinctiveness

7.3.1 Portray the performance of the institution in one area distinctive to its priority and thrust within 1000 words

The performance of our institution in one area distinctive to its vision priority and thrust is visible in its priority, motivation to girl's education in rural area. We are in Marathwada region which is socio economically backward. In this region early marriages of girls is a burning issue. That is why many girls in this region are deprived from education and some are stopping their education after marriage. The vision of our institution is "The institution shall make efforts towards becoming a recognized Institution to provide multifarious education to the rural masses so as to equip them to face the emerging challenges of the time and to serve the society at large."

As our vision institute always takes efforts towards becoming a recognized institution to multifarious education to rural masses. Most of our students are from rural area and majority of them are from farmer families of nearby villages and they are from poor family, they don't have any resources to face the challenges of modern society. The concept of education from the beginning of its establishment centered on over all development of family and community for qualitative improvement of life. Girl students notably become an efficient homemaker but also and efficient professional also.

Institution in rural area always promote girls education, at the time of admission we give priority to girls students and give guardians about importance of education. Faculty in our institution gives field visits in rural areas to make parents and girls students aware about importance of education for girls. More counseling is given to parents during home visits of admission. Education of girls and marriage of girls these two things are totally different only the parents and in laws should give freedom to their daughters and daughters in law regarding continuation of education after marriage. Both families of girls, parents and in laws convinced about benefits of girls education in present days. Today gender equity and equality is followed in every field and in every field women's are doing their duties effectively and efficiently. If we want happy family then girls and women could be motivated to take education and develop their potentials for improving their socio economic status as well as quality life. During these modern days in family both men and women would work for earning their basic needs. For this purpose education is must, women are having many skills and capacities within them, they should not be restricted to live in four walls of home and financially depend on father, brother, husband and son. That is why girls should be motivated for education after marriage. Work outside the home and become financially independent.

The concept of education from the beginning of its establishment centered on overall development of family and community for qualitative improvement of life. Girl students not only become an efficient home maker but also an efficient professional also.

Institution in rural area always promote girl education, at the time of admission we give priority to girl students and give guidance about importance of education. Faculty in our institution gives field visits in rural areas to make parents and girl students aware about girl education. While giving field visits we have come into notice that parents of girls students are very much concerned about the marriage of their daughters According to parents marriage of their daughter is important than education This trend was, found same everywhere in villages. Regarding education of girls our institution always promotes our faculties to convince the parent about continuation of education of girls after marriage. All faculties in our institution take care about motivation of parents for girls' education.

From last few years we observed that our efforts are fruitful and parents are educating their married girl's Now in our institution girls percentage is more than boys, and many girls students are married but they are not stopping their education after marriage.

Institution maintains all infrastructures required for girl student's takes special care about the separate security of girl's students, such as providing common room for girls with basic facilities rest room, complaint box etc. Besides this annual committees in our institution for example women Anti sexual Harassment prevention committee, discipline committee also takes care of girls students, CCTV cameras are displayed in campus. Institution focus is on running the various Home science activities for girls and women by involving students. One of the major activities is 'Child Guidance and Nutrition Counseling

Centre run by department of Home Science. Thus according to our vision we are providing multifarious education to the rural masses and we are promoting education of girl students and continuation of girl's education after marriage.
