

Institutional Distinctiveness

The performance of our institution in one area distinctive to its vision, priority and thrust is visible in its priority to girls education in rural area. We are in Marathwada region which is socio-Eco backward. In these region early marriages of girls is a burning issue. That is why many girls in this region are deprived from education and some are stopping their education after marriage. The vision of our institution is "The institute shall make efforts towards becoming a recognized institution to provided multifarious education to the rural masses so as to equip them to face the emerging challenges of the time and to serve the society at large. As our vision institute always takes efforts towards becoming a recognized institution to multifarious education to rural masses. Most of our students are from rural area and majority of them are from farmer families of nearby villages and they are from poor family, they don't have any resources to face the challenges of modern society. The concept of education from the beginning of its establishment centered on overall development of family and community for qualitative improvement of life. Girl students not only become an efficient home maker but also an efficient professional also. Institution in rural area always promote girl education, at the time of admission we give priority to girl students and give guidance about importance of education. Faculty in our institution gives field visits in rural areas to make parents and girl students aware about girl education. While giving field visits we have came into notice that parents of girls students are very much concerned about the marriage of their daughters .According to parents marriage of their daughter is important than education .This trend was found same everywhere in villages. Regarding education of girls our institution always promotes our faculties to convince the parent about continuation of education of girls after marriage. All faculties in our institution take care about motivation of parents for girls' education. From last few years we observed that our efforts are fruitful and parents are educating their married girl's .Now in our institution girls percentage is more than boys. And many girls' students are married but they are not stopping their education after marriage. Institution maintains all infrastructures required for girls students takes special care about the separate security of girls students, such as providing common room for girls with basic facilities rest room, complaint box etc. Besides this annual committees in our institution for example women Anti sexual Harassment prevention committee, discipline committee also takes care of girls students, C.C.T.V.cameras are displayed in campus. Institution focus is on running the various Home science activities for girls and women by involving students. One of the major activities is 'child guidance and Nutrition Counseling centre' run by department of Home Science. Thus according to our vision we are providing multifarious education to the rural masses and we are promoting education of girl students and Continuation of girl's education after marriage.
